SUNRISE CARE PARTNERS
CLIENT INTAKE FORM

=====

Date of Intake: March 5, 2026
Intake Coordinator: Sarah Okafor
Form Version: 3.2

SECTION 1: PERSONAL INFORMATION

Full Name: Dorothy Mae Kim
Date of Birth: November 22, 1954 | Age: 71
Gender: Female
Address: 55 Maple Lane, Berkeley, CA 94710
Phone: +1-510-555-0309
Email: dorothy.kim@gmail.com
Preferred Language: English

SECTION 2: EMERGENCY CONTACTS

Contact 1:
Name: Susan Kim (daughter)
Phone: +1-510-555-0311
Relationship: daughter

Contact 2:
Name: James Kim (son)
Phone: +1-510-555-0422
Relationship: son

SECTION 3: MEDICAL CONDITIONS

Primary Diagnoses:

1. Type 2 Diabetes Mellitus – diagnosed 2016, currently managed with oral medication
2. COPD (Moderate, GOLD Stage 2) – diagnosed 2021
3. Osteoporosis – diagnosed 2023 (dual-energy X-ray 2023-10-08)

Background: Dorothy is a retired nurse (UCSF, 1983-2014). She is highly health-literate. Medication adherence has been problematic since her previous caregiver, Maria, departed in late March 2026.

Allergies:

- Latex: contact dermatitis
- Contrast dye (iodine-based): hypersensitivity – premedicate before imaging

Last Physical Exam: November 30, 2025 (Dr. Elena Ramos, Berkeley Primary Care)

SECTION 4: CURRENT MEDICATIONS

1. Metformin 1000mg – twice daily (morning and evening with meals) – for diabetes

Last refill: 2026-02-10 | Next refill due: 2026-05-10

ADHERENCE NOTE: Missed doses observed April 18-25 per caregiver notes

2. Tiotropium HandiHaler – once daily (morning) – for COPD

Last refill: 2026-03-01 | Next refill due: 2026-06-01

3. Alendronate 70mg – once weekly (Monday mornings, 30 min before food) – for osteoporosis

Last refill: 2026-01-25 | Next refill due: 2026-04-25

4. Vitamin D3 2000 IU – once daily – bone health/COPD

SECTION 5: UPCOMING APPOINTMENTS

1. Endocrinology follow-up

Provider: Dr. Samuel Lee, UCSF Endocrinology

Address: 1600 Divisadero St, San Francisco, CA 94115

Next scheduled: May 12, 2026 at 2:00 PM

Transport needed: YES (Dorothy does not drive due to COPD-related fatigue)

Duration: ~60 minutes

2. Pulmonology check

Provider: Dr. Ramos, Berkeley Primary Care

Next scheduled: July 10, 2026

Transport needed: No (daughter Susan drives)

SECTION 6: GROCERY & DIETARY PREFERENCES

Diet type: Diabetic-friendly, low-glycemic

Restrictions: No shellfish (allergy), limit simple carbohydrates

Preferred delivery service: Safeway weekly delivery (Thursdays)

Last delivery: April 13, 2026 (12 days ago – overdue)

Staples:

- Low-glycemic bread (Dave's Killer Bread)
- Leafy greens (spinach, arugula)
- Chicken breast
- Almond milk (unsweetened)
- Blueberries, strawberries
- Brown rice
- Hummus
- Eggs

SECTION 7: FINANCIAL INFORMATION

Insurance: Medicare Part A + Part B + Part D

Supplemental: Blue Cross MediGap

Recurring bills:

- PG&E: ~\$75/month, autopay
- AT&T landline: ~\$35/month
- Safeway recurring grocery: ~\$120/delivery

SECTION 8: CARE PREFERENCES & NOTES

Dorothy prefers to be addressed as "Dorothy" (not "Dot" or "Mrs. Kim").

She will often second-guess medication timing – defer to the medication schedule on file, not her memory.

Enjoys gardening; brief walks in the backyard are encouraged when weather permits.

Prefers morning visits between 9am and noon.

Has a cat named "Miso" – important to her emotional wellbeing; ensure cat has food/water during visits.
